

AGAVE ARTISTS

Application for Membership

Overview

Agave Artists is an artist-owned, cooperative gallery providing a venue to area artists for displaying and selling their work. All members are expected to make every effort toward the gallery's success. Ongoing contributions to maintaining the gallery, open mindedness, and respect for all members are important for achieving this success.

If selected for consideration, you will be asked to submit at least three images representative of your art in each medium to the Selection Committee that will evaluate your work on its style, quality, creativity, originality and applicability. The Selection Committee will also consider your ability to contribute to maintaining the gallery according to your availability. Compatibility with other gallery members will also be considered because a cooperative gallery requires members to work together.

Upon receipt of your sample work, a decision will be made within 30 days. Non-acceptance does not necessarily mean a rejection of membership. Gallery space may require a specific form of art at that time. The Selection Committee may ask to retain your application for future consideration.

Choose one of the following membership options:

Working Member

As a working member you must be able to operate the gallery as scheduled two days per month. You may occasionally be asked to work an additional day as needed. You will be trained on making sales using our Point of Sale system, making daily reports, and other operations.

For a display space, you will pay a monthly fee of \$100 due on the first and no later than the 5th of each month.

The gallery requires 10% commission on any sales of your work. The commission will be used for the gallery's operating expenses.

You will be expected to participate in gallery functions, such as receptions and show openings, including member meetings.

Non-Working Member

Non-working members pay a monthly fee of \$200. In addition, the gallery will require a 10% commission on your sales to be used for the gallery's operating expenses. You will not be required to work or attend meetings, but are encouraged to attend gallery functions, such as opening receptions and special events.
